Great Interest Taken In Big Subscription Contest

Great excitement has been caused by the announcement that this paper will give away $1800 in prizes on January 8th. Several people have already signified their intentions of entering the whirlwind subscription contest that this novel scheme will bring forth. Others are talking about it. Several persons have been at the Overland automobile headquarters on Sixth street to look at the car and inquire about the particulars. Think of it a new 1916 five passenger in every particular, with electric touring car, strictly up to the minute lights, self starter and all of the latest equipment found on a modern touring car, and all of this for a few weeks hustle. The car is a beauty upholstered in full leather and is one of the most comfortable and easy riding cars on the road. If you dealt with an agent it would cost you $635 but in this contest if you win you get it absolutely free.

The second prize is a $400 Lester piano. Everybody knows the Lester piano. It is one of the best instruments on the market. It can't be duplicated for the money by any other factory in the country. Its tone is sweet and pleasing and its appearance adds charm to any home. The diamonds are valuable and are always as good as cash itself. The grafonola is a pleasure in every home.

There is positively no way you can lose in this contest as every person staying in the contest until the last and not winning a prize will get ten per cent. of all collections. This alone is worth working for.

The Independent is going to branch out. It is going into every home in this town and community and the contest has been planned to get everybody interested in the paper. All of the prizes are on display. Get into the push early and see if the rewards of a few weeks' labor are not greater than you expected.

Call at the Independent office and get acquainted with the contest manager, get full particulars and a subscription book and go to work.

Won Second Game

The crack California duck pin team went down to defeat at the hands of the Colonial team at the Colonial-Palace alleys last evening by a total score of 1804 to 1680. It was by far the best game ever rolled on local alleys and great interest was manifested in the contest. Cavilla was high man for the local with 378 pins to his credit and also had high score of 142 for one game.

Married On Sunday

Miss Rose Jacob of this city and Alias Hadda f Monongahela, were married Sunday afternoon at 4:15 at the Syrian Orthodox church, in this city by Bishop Jarmanos of New York City, assisted by three parish priests of the church. The bridal party came to this city from Monongahela in four auto busses and on their return to Monongahela a wedding dinner was served at the home of the groom's brother, Samuel Haddad. The groom is in business in Monongahela and will reside in that city. Their friends here and in Monongahela extend best wishes for a happy and prosperous future.

Need Good Fire Alarm System

At the next meeting of council the question of installing a fire alarm system will be brought up for discussion. We believe that the majority of our citizens and taxpayers will approve of any expense necessarily incurred for this improvement. In fact the bringing to the highest efficiency of our fire equipment at the earliest possible moment stands among the first things on the calendar of necessities.

Without apparently anything with which to work our Volunteer Fire department has been held together. It has been a heroic effort on the part of our young men, stalwart, brave and efficient. We are now starting on the way for better things. We have an up-to-date truck, but we need more hose and an alarm system, and in order to meet the emergencies that may arise at any time, we must unanimously approve the installation of the fire alarm system.

We all dread what a serious fire might mean to us. We abhor raising of insurance rates and we are threatened right now with increased rates, and in some parts of the town this has happened, and deplore it as we do, there seems no better relief than modern fire fighting equipment.

An alarm system of 45 boxes is proposed by the fire committee and while we have no authority to state the approximate cost of such a system, it is a safe bet that it will be within the town's reach at this time.

Our population is now beyond the 20,000 mark, and there are plans under way for expansion that will mean ten additional thousand, and more is expected of us than when we had ten thousand people, yet our fire fighting equipment remains about the same. We believe that we speak the voice of our taxpayers when we urge the council to install a fire alarm system at an early date.

Murder At Donora

George Coates, a negro, aged 23, of Connellsville, was shot and killed Saturday afternoon in a pool room in Donora. He went there Saturday to secure employment. While in the poolroom a dispute is said to have arisen between Coates and Ed. Lockhart, a negro, aged 22 of Webster, over attentions which Lockhart alleges Coates paid Lockhart's wife. Lockhart left the room and went to the rear of the building and, according to the police, fired a revolver shot through a door, striking Coates between the eyes and killing him instantly. Lockhart walked into the arms of a police officer attracted by the shot and surrendered. He was taken to the county jail in Washington to await the action of the coroner's jury.

ATTENTION ELKS

A car load of turkeys, ducks, geese and chickens have arrived at the club and will be distributed Tuesday and Wednesday evenings to members.

Celebrated

Monessen High school, champions of the Monongahela valley celebrated their victory over Charleroi last night with a big serpentine parade over the main streets of the town, and a bon fire at the Electric park. The students, both girls and boys congregated early in the evening and the march started with all joining in singing school songs and giving the yells. First they visited the theatres and treated the audiences with true school spirit, then they made a mad rush for the park where a huge bon fire was built and while the students pranced about the big blaze giving their yells, a large crowd of onlookers gathered and helped with the festivities.

Every player on the team came in for his share of glory in the celebration, and as each name was called out, they were roundly cheered. The coaches were on hand and the crowd did not forget the important part they had taken in the victorious season of the locals.

It has been the greatest season ever enjoyed by a local High school school team, also a season that was a credit not only to the players, but to the coaches and the town people as well.

Most of the games were played away from home but on every trip the team was accompanied by a large crowd of rooters and when the games were played on the home grounds, fully a thousand people would turn out and cheer the boys to victory. Never once during the season was a local player ejected from the game on account of rough playing and when the visiting team left this city, they had nothing but words of praise for the locals.

The citizens of the town gave the team their undivided support during the season and assisted them in every way, and when the season was over, the members of the team were showered with gifts of every nature. The town was turned over to them and they truly are the heroes of the day. Last evening a prominent business man of the town handed the boys $20 to add to their atheletic fund.

Polish Wrestler Won Fast Match

A good sized crowd gathered at the Ruthenian hall last evening to see the championship wrestling match between Bonecki, the Polish champion and Paul Davis, champion of Canada. Bonecki, with his superior weight and knowledge of the mat game was returned the winner after almost an hour's wrestling, the like of which was never seen here before. It took exactly 41 minutes and 30 seconds before Bonecki put his opponent's shoulders to the floor and the crowd went wild as the two men struggled to get a hold that would give them the fall. The Polish champion returned to the mat strong and with renewed vigor for the second struggle and after 12 minutes and 52 seconds pinned his opponents shoulders to the mat and was declared the winner. This gives Bonecki a just claim to the championship, which both men claimed and traveled over the country meeting all comers. Matt Henderson an eastern champion, has challenged Bonecki, and if arrangements can be made. the contest will be staged here.

The litle girl inherits a craving for gambling, it is born in her. Her mother before had the gambler's instinct. The sins of the mother rule the poor unfortunate born child. She is a beautiful girl, she loves cards, she loves races, she loves the roulette, she loves all games of chance. She loves them with a passion that is a mania. Yes she loves, loves, loves maniacally. Who's fault is it? That is what every mother should see. That is what every father should see. Olympic today. See how the sins of the mothers are cast on the children.

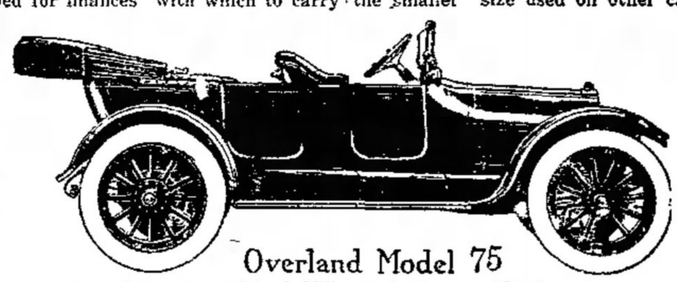
Overland Automobile May Prove Golden Opportunity

To win this car may be the golden opportunity of some one's life. Young man have you a few hours each day to give to a little work for yourself. Young woman, have you aspirations in life and are you handicapped for finances with which to carry on your education and ambition? Mill man or workman do you want something that will afford yourself and your family pleasure and recreation? If so get into this contest and win this beautiful late model Overland touring car. Somebody will win it. Why not you? If you don't win the car, you can win a valuable prize or money. Get in in the start.



Overland Model 75

DESCRIPTION OF THE CAR

It has a powerful motor; electric starting and lighting system; high tension magneto ignition; 104-inch wheelbase; cantilever springs; four-inch tires; demountable rims; steamline body design.

This season the factory capacity has been increased to 600 cars a day.

This, in itself, explains our ability to give so much car for so little money.

This newest Overland is a beauty.

The body is the latest full steamline design with a one-piece cowl.

It is handsomely finished in solid black with bright nickel and polished aluminum fittings.

Five adults can ride comfortably.

While the car is roomy, it is light in weight, 2,160 pounds.

It has demountable rims with one extra.

The tires are four-inch all around, because the Overland people believe in the advantage of larger tires.

They insure greater mileage and comfort than can be obtained from the smaller size used on other cars of similar specifications.

The motor is four-cylinder, long stroke, en-bloc type, having a 3 1-8 inch bore and 5 inch stroke. Horsepower is 20-25. It is of the most modern design.

It has high tension magneto ignition. This is the kind used on the most expensive cars.

The electric starting and lighting system is one of the most efficient on the market. It is of the two-unit type.

The large electric headlights are dimmers. This car free to someone.

Our Subscription Contest

The Independent has just inaugurated a big subscription contest. While we have had contests in years past, and a number of them, this is the biggest yet launched, and the prizes offered are such as to tempt any person to a few weeks' activity. The Overland touring car is a model in the manufacture of up-to-date automobiles, and might well be the pride of any home or family. The Lester piano could well grace any parlor, and all the prizes are extremely valuable. The contest will cost upwards of $2,000 in prizes and has been launched for the sole purpose of increasing the subscription list of the Independent. This method is used for the purpose of obtaining the best canvassers in the town to scour every hillside, valley, street, cross street and alley in an effort to have the paper visit every home every day. We are paying the price and we feel that we will get the results.

This Country's Course

In several respects there is a great difference between our present quarrel with Great Britain and that which we have seemingly settled to our satisfaction with Germany. The present issue is over the destruction of American business, whereas the destruction of American lives was what aroused sentiment against Germany's proceedings. It will be impossible to arouse the American people over a business matter as they were stirred by the Lusitania and other horrors. The present matter is a business matter to be discussed and decided by the lawyers and satesmen, and the ordinary citizen will not wade through the great mass of correspondence that must pass between the contending parties.

To bring Germany to time, our country has but one recourse, a warlike one. It is much different in respect of this dispute with Great Britain, in that we can resort to embargo on exports. Perhaps a very serious principle of international rights is involved. Certain it is that we have a very serious cure for the wrongs, if any.

Peoples Forum

This column is devoted to the expression of the opinion of our readers and in no wise denotes the paper's opinion on or sympathy with any question involved.

I read in last night's paper the results of our wonderful victory in Charlerol Saturday and feel certain this puts our town on the map. The game was won even if a young man was maimed—had he been killed we would have had time to take in all the bets and howl ourselves hoarse before the funeral.

Then Sunday night I understand there was almost a riot when some of our young men went to call on Charleroi girls.

I want to ask whether our school board and faculty think this is good business and whether it is what we send our children to school for. My boy informs me that yesterday a petition was passed getting people to sign for the closing of the schools for a half day in order to celebrate. Our children's minds are evidently not on school work, but are on football. The taxpayers should rally and help fight down this growing evil instead of encouraging it. Some will call me an old crank or fogy for speaking out against what I term a growing evil in our schools, but let me say there are hundreds of people in this town who know full well that this cruel method of recreation is running away with our schools and keeping our children in a highly excited state of mind.

Some day we will all want to stop it, but it might be that day will be too late to bring back some mother's son who has become a martyr on the field of carnage Not only is the game offensive on account of it being cruel. but it has a tendency to destroy the finer intellect of the boy. I hope and pray that our people will see that they are going too far in this line and that in the future there will be an effort made to check the football enthusiasm. Parent.

WOMAN'S SUFFRAGE

may eventually give to women rights to which they are entitled, but good health, which is the birthright of every American woman, must be hers before she can fully enjoy the privileges which woman's suffrage will bring. Women who suffer from those dreadful pains, backache, headaches, irritability, nervousness and depression, symptoms of organic trouble should rely on Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, to restore them to a normal healthy condition as it has thousands of other American women.

Child Labor Act Becomes Effective Jan. 1

In view of the fact that the Cox Child Labor Act becomes effective on January 1, arrangements are being made to establish continuation schools in the school districts of Pennsylvania. All minors between the ages of 14 and 16 years, who have working certificates, except those employed on the farm or in domestic service in private homes, will be required to attend. These schools must be in session the same number of weeks as are the regular schools of the particular district. It will be necessary for each pupil to attend a continuation school 8 hours per week. He may be present a period of 8 hours on one day per week and two days of four hours per week or four days of 2 hours each; or if thought advisable, the instruction may be given continuously, provided the total number of hours schooling received by these pupils be equivalent to 8 hours per week during the school term.

Workman Killed

John Madda, aged 45 years, of Gary, Ind., was killed in an 85 foot fall at the new zinc plant at Donora yesterday. He was employed as a glazier and was at work 85 feet in the air when he lost his balance. Going down his body struck several iron beams. He died while being taken to the Memorial hospital, Monongahela.

Can there be any stronger proof offered than the evidence of Monessen residents? After you have read the following, quietly answer the question.

Mrs. W. Koerner, 119 Knox avenue, Monessen, says: "I had a bad fall which injured my back. I suffered from a constant pain across my loins and in the morning I was always worse. If I stooped, a sharp pain caught me and I couldn't straighten. The secretions from my kidneys were unnatural and caused me annoyance. I didn't rest well and rheumatic pains made it hard for me to get about. I was often so lame that I had to sit on one cushion and I had puffy sacs beneath my eyes. I doctored and tried different medicines, but got no relief. Two boxes of Doan's Kidney Pills procured at the Hirsch Drug Co. drove away most of the trouble. I take this medicine off and on as a kidney tonic and it keeps me in good health."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Koerner had. Foster-Milburn Co., Buffalo, N. Y.

OLYMPIC THEATRE TODAY

Did Not Attempt Suicide

Asserting that she had no idea of ending her life but just wanted to get out of the hotel without being seen, Miss Eva Marsh, the young actress who fell 40 feet from the window of the Commercial hotel at Monongahela Friday night, supposed to have been brooding over her failure to make good on the "boards," is rapidly recovering at the Memorial hospital and will be able to leave that institution in a few days.

Miss Marsh has the name of being a real athlete. She says the manager of the stock company of which she is a member, Frank Boyce, told her that she was not physically able to take part in the play. She decided to leave by the window route, trusting to her athletic ability to crawl down the wall, during the absence f a watcher in her room. Her foot slipped and she fell to the grund. Miss Marsh seems much improved and is apparently not seriously injured.

Concert on Thanksgiving

The Monessen Male Chorus will give a concert Thanksgiving night in the new High school auditorium. Arrangements for this popular organization to appear before the public on this date were only made during the past week and the announcement will be received with pleasure by those who will want to hear these singers as a fitting climax to their holiday celebration. The Male Chorus has become one of the leading musical organizations of this vicinity and their presence has been in demand at Brownsville and Charleroi only recently. In addition to the excellent numbers by the chorus, there will be several vocal and instrumental solos. The concert will start at 8:15 and the public is invited.

Little Boy Stabbed

Charles Juglar, 11-year-old son of Mrs. Charles Juglar of Webster, was stabbed in the chest and shoulder Sunday afternoon during a quarrel with several other lads over the disposition of some stolen apples. The name of the knife-wielder is not known. The boy is seriously hurt.

Our Store is the Talk of the Town

The large crowds that attended our opening and the large amount of business we have done surprises us, but we have found, just the same as in our other stores, that the people are tiring of paying 50 per cent more on their cleaning, such as paying $1.50 to $2.00 for men's suits when same can be done here 100 per cent better at $1.00.

Now we ask the fair minded people of Monessen and vicinity what is the use of paying 50c to 75c for sponging and pressing a man's suit when same can be done here 100 per cent better for 35c. Look over our prices below and compare them with others and you will readily notice a big difference not only in prices but by trying us you will find our work 100 per cent better.

Local Case in Court

The November term of Common Pleas Court opened Monday morning with Judges Doty and McConnell on the bench. The first case to be called was before Judge Lucien W. Doty

I. Ginsburg and Dave Zideman, both of Monessen, made a horse deal in the Steel Town some months ago. Ginsberg is a merchant and Zideman is a horse dealer. Ginsburg purchased a mare from Zideman for $125, claiming he says, that the horseman guaranteed the animal to be sound, etc. A few days later Ginsberg rued the deal and claiming he had been beaten, he took the mare back to Zideman, requesting the dealer to take the animal back and refund the purchase price. In this the merchant failed. Then he placed the mare in a livery and feed stable.

Some time later the mare was sold by the constable for a "board bill." Dr. D. J. Kimmell, a veterinary surgeon and horseman, of Charleroi, bought the mare for either $34 or $36, Kimmell testified. A week later the veterinary sold the mare to William Bell in Elizabeth for $135. Dr. Kimmell said the mare was five years old and she was all right.

Ginsberg is suing to recover the money he paid Zideman for the mare. A large number of witnesses have been subpoened on both sides.
